

Matt Esham

PROJECT MANAGER

Mr. Esham has been a valuable asset to GGI Builders, Inc. T/A Gillis Gilkerson for 6 years and has over 25 years of experience. Mr. Esham has proven to deliver multiple major projects on time and under budget. His responsibilities range from managing field construction supervision, scheduling, purchasing and management of materials, and coordinating with owner's representatives from the beginning to the end of each project. He is highly skilled in computer-driven estimating, design and scheduling software.

Mr. Esham is an associate member of The American Institute of Architects (AIA), is a certified building inspector and plans reviewer - IBC/BOCA and is taking the LEED Green Associate Examination. Mr. Esham has a Bachelor of Science in Construction Management with a minor in Engineering Technology from University of Maryland - Eastern Shore and an Associates in Arts Degree in Computer Aided Drafting and Design in Architecture and Engineering from Catonsville Community College.
