

Wayne Porter

OPERATIONS MANAGER

Wayne Porter has over thirty-six years of construction experience and has been a valuable asset to Gillis Gilkerson since he joined the team in 2012. Mr. Porter is experienced in personnel management, contractor coordination, material procurement/expediting, scheduling, quality control, job costing, field purchasing, submittal review, design/build and owner relations as well as safety and first aid. He has the strong ability to manage all aspects of a project including running weekly safety meetings on the jobsite. Wayne's extensive back-ground in commercial construction gives him an overall understanding of how to improve client satisfaction and ensure that our construction schedules are met in a timely manner.

Wayne graduated from North Caroline High School in Ridgley, Maryland in 1976. His continued education achievements include OSHA Certification, ABC Forman Development Classes, ABC Blue Print Reading Classes, ABC Safety Instructor Classes, State of Maryland Sediment and Erosion Control and State of Delaware Sediment and Erosion Control.
