

## Daniel Ash

ESTIMATOR | PROJECT MANAGER

Mr. Ash joined Gillis Gilkerson as an assistant project manager and assistant estimator in September 2018. He was promoted to estimator and is now responsible for maintaining estimate and project logs, reviewing contracts, generating requests for information, assisting in processing shop drawings and submittals, managing the change order process and providing assistance in project oversight and collaboration.

Backed by six years of experience in the construction industry, Ash excels in providing collaborative services that bridge the gap between general labor and management. He is also a skilled and efficient project manager knowledgeable in all facets of commercial construction. Ash is a 2016 graduate of Wilmington University and holds a Bachelor's Degree in Science Psychology and certificate in Conflict Resolution. In 2019, Ash went on to earn his Master's in Business Administration.
