

## Kevin Reeder

### ESTIMATOR

Kevin Wayne Reeder has over thirty-four years of construction experience, serving seven working for the Department of Navy in Washington DC. Mr. Reeder has been with the Gillis Gilkerson team since 2004 and serves as the lead estimator for the company. He is sufficient in the Estimator and WinEst Estimator programs and budgeting programs such as Maximo.

He graduated from Frederick High School in 1978 and continued his work experience education through other certification programs for home inspection, WinEst, Maximo, Erosion and Sediment Control, Building License, Hazmat and other safety trainings. He is also trained in Auto-Cad, 3D Home, Cad-101 and Microsoft-Project.

Kevin's extensive work background started in carpentry and grew quickly to include being skilled in commercial framing, suspended ceilings, drywall work, trim carpentry, mason work, ceramic tile setting, vinyl flooring, concrete finishing, door and frame installation, security cages, specialty locks, excavations and site prep work. He works closely with project managers to monitor projects and make sure they meet established cost, schedule and quality standards. Diligent in his work from the planning stages to delivery, Mr. Reeder attends weekly progress meetings up to the final walk through.
